

Students and Parents of the Central Dauphin School District

The Central Dauphin School District is a community of administrators, educators and staff who are committed to the principles of equal educational opportunity for every student who comes through our doors. Parents send their children to our schools with the expectation that they will be welcomed into a safe and supportive environment that is conducive to learning. It is our legal obligation to comply with the Pennsylvania Human Relations Act, the state law that prohibits discrimination based on race, color, national origin, religion, disability, sex, and retaliation for filing a complaint or opposing unlawful discrimination. Further, retaliation, physical violence and the use of racial slurs may constitute ethnic intimidation, which is a crime, punishable by law.

Please know that the Central Dauphin School District will not tolerate any instances of harassment, bullying, or intimidation of any kind. As we continue the process of healing, the expectation is that each student and staff member will foster an educational environment that promotes respect and acceptance, and celebrates the vast diversity of our student population.

In the coming days, weeks and months, the District will present opportunities for all students and staff to share, learn and grow from our recent adversity. I look forward to your continued cooperation in making the Central Dauphin School District a premier educational institution where hate has no place.

Dr. Carol Johnson
Superintendent
Central Dauphin School District
