

VISITOR MANAGEMENT INFORMATION

Attention Parents/Guardians:

In the interest of the safety and security of our students and staff, the Central Dauphin School District School Board recently approved the implementation of School Gate Guardian Visitor Management Systems at all district buildings. The visitor management system will provide the Central Dauphin School District with the ability to keep an up-to-date verified log of visitors. Visitors include parents/guardians, contractors, and volunteers to whom we have given access to our schools.

Beginning August 31, 2015, all visitors (parents/guardians, volunteers, contractors, etc.) wishing to gain access to any elementary, middle or high school will be required to provide a valid state issued picture identification card, preferably a photo driver's license or photo non-driver's license, to the front office personnel of the school. If you do not have a photo driver's license or a photo non-driver's license, you must provide an alternate form of photo identification and/or valid state issued identification. Government employees may show their state or federal issued identification. Your identification will be processed and your photo will be taken creating a badge for you to wear while visiting the school. This system has the ability to provide alerts on individuals who may jeopardize the safety of our campus. Once entry is approved, the visitor management system will print a badge that identifies the visitor, the date, time, photograph, who they are meeting and the destination of the visitor.

Your support in the ongoing efforts to enhance the safety and security of our schools is appreciated. Thank you for your patience and cooperation. Should you have further questions or concerns, please direct them to the principal of your child's school, or to Nic Barrelet, CDSB Director of Safety and Security at 545-4703, x506.
